ON VACATION

Superintendent Watkins and family left December 9, for an extended vacation in the lower states. Before leaving, Mr. Watkins said that this would be the first time that his children would be seeing the Christmas lights and displays in the lower states.

Their first stop is supposed to be in the state of Oklahoma. The majority of their vacation period will be spent in Oklahoma. But on the return trip they plan to spend a bit of time in the state of Washington.

The Watkins family is scheduled to arrive back in Wrangell on January 4, 1964.

MEMORIAL SERVICE

Mr. J. Lloyd Watkins, superintendent of Wrangell Institute was one of the several prominent citizens of Wrangell who spoke at the memorial service for the late President Kennedy, November 24, at the Wrangell High School auditorium.

Mrs. R. Kuckuck

SANTA SAYS:

Thanks to our many friends and relatives who, through gifts and money, have helped to make Christmas a happy time at Wrangell Institute.

BOOK REVIEWS

Kathy Korpusik

INDIANS OF TODAY, by Marion E. Gridley (Chicago): The book is about many Indians, but here we are reviewing an entry concerning Mr. Robert L. Bennett, Area Director, Bureau of Indian Affairs, Juneau, Alaska.

"Given an opportunity, Indians will improve their situations and assume more responsibility for the management of their affairs," says Robert Bennett Bennett has had much to do with development and training programs among Indians and veterans. For the Veterans Administration, he organized a training program for Arizona Indians which enabled several hundred to obtain G. I. benefits. As a Placement Officer for the BIA, he arranged the first agreements with a state employment agency for special services to South Dakota Indians. He also assisted in the development of the Southern Ute Tribal and Family Plan Program, and the Partition Act for the Utes.

Bennett, himself, has not had an easy time of it. With the death of his father, there was little family income. Once, all of his clothes were lost and he entered school with only a pair of levis, a shirt, and his shoes. For two years, he worked

for \$1.00 a day, until he obtained a clerkship position in the Indian Service. Later, he supported his wife and three youngsters on a salary of \$2,000 a year and attended law school from 6:30 to 8:30 A.M. all week for an uninterrupted three years.

His first major appointment was as superintendent of the Navajo Agency. This work was interrupted by World War II duty with the Marines. When he returned to the agency, he was the Charter Commander of the Navajo American Legion Post, and he later helped with the Ute American Legion Post."

EDUCATION: Haskell Institute; Southeastern University (L.L.B.)

ORGANIZATION AND CIVIC ACTIVITY: National Congress of American Indians (Conference Program Chairman); National Advisory Committee of Indian Youth, Arrow, Inc.; Lions (Chairman, Committee for Blind).

CHILDREN: John, William, Leo, Joanne, David, Robert.

THE MYSTERIOUS CHRISTMAS SHELL, by Eleanor Cameron (Little, Brown & Co.): When Tom and Jennifer came back to Red Cove for the Christmas holidays, something was very wrong. Grandmother seemed fine, Mr. Looper was almost the same, but at the Vinings' nothing was right. The mammoth Christmas tree stood bare of decorations, Aunt Vicky was plainly worried, and Aunt Melissa was even more worried. And their problems grew....

"Christmas At Home"

On Christmas Day everybody is happy, especially when we are at home. Everybody likes to have Christmas in their homes because we are used to the way we celebrate Christmas. I hope we don't miss Christmas at home because we are going to celebrate it here too. But it will be a little different.

Onesia Yohak

At home in Kivalina we all enjoy Christmas Day and have presents. We have toys, candies, and other things. We have programs and fun. We pass out presents, and we have races on Christmas Eve. We have dog races for the men. Sometimes the women have dog races too.

Alvin Lieb
Kivalina

The school always has its Christmas program first and then the churches take turns. We invite people to come to our program and they would bring gifts to put under the tree. After our program the men would give out the Christmas gifts. Then, after they all are given out, we would go home and open them to see what we had.

Ethel Segevan
Wainwright

The school children have their program on December 23 at home. After the program there is the opening of presents for the children and adults. Then the men pass them out. Then on Christmas day they have a feast and Eskimo dancing at the armory or the school. Some people wear costumes and dance. It is lots of fun to watch those who are wearing costumes and dancing. Some of

the men from the Dew Line usually come to the village and watch the Eskimo dances.

Martina Ahlaloook
Wainwright

Our program is at the church and begins at 6:p.m. We start out by singing, and after we sang Christmas carols we had a program. I was an announcing angel and had to learn 22 lines. It was fun. After the old people sang songs they started giving out the presents. It was the happiest Christmas for me.

Ethel Pungalik
Noorvik

Christmas night we have programs and people bring many presents to church. The church is decorated to look pretty. On Christmas Day we have a holiday from school and many children go sliding on hills. It is fun to slide on the hills and it is my favorite hobby. After Christmas day we have dog races and many people come to our town. They get prizes from dog racing.

Alice Brown
Noorvik

Some of the students of Wrangell Institute are having their first Christmas away from home. They wish they could be home with their parents. We hope that our parents and friends will have a lot of fun on Christmas and New Year's Day. We know we will have fun here at the Institute also. All of us at the Institute will be very homesick on Christmas, but our homesickness will go away again. We will all think of you at home.

HOW INSECTS GET FOOD FROM WATER

Some kinds of flowers have little sweet water in them. Insects like this water and come to the flowers to get it. Bees are insects that like to visit flowers. An insect needs a long tongue to get the sweet water. It puts its tongue down into the flowers, then it draws up the water through its tongue. Some insects roll up their tongues after they get the sweet water from flowers.

PRESIDENT KENNEDY

President Kennedy, our youngest president, was shot in the head. He was going to make a speech when a man shot him in a town in Texas where he was going to speak. The man that killed him left his gun and went away. He shot another man after he killed our president. This was on November 22, 1963.

THE FIRST THANKSGIVING

Many years ago there were some Indians that lived in a wide forest. They had the first Thanksgiving with white men. They showed the white men how to grow corn and make popcorn. They brought deer meat and turkey to the feast. They had the feast for three days. Afterwhile some of the white men went back across the ocean. That was the first Thanksgiving the Indians had with white men.

NEWS FROM ROOM F

THANKSGIVING DAY

On Thanksgiving in the afternoon we had a big dinner. All the boys and girls wore their best clothes to the dining hall. We had a big turkey for dinner. It surely was a good Thanksgiving dinner, I am sure everybody ate all they wanted.

That night we had a show. The name of it was "The Sign of Zorro." After the show we went to the dorm and went to bed.

Margie Painter

THANKSGIVING DAY

On November 28th it was Thanksgiving. There was no school here at the Institute. On Thanksgiving, we had a Thanksgiving dinner. We ate turkey, bread, peas, ice cream, carrots with raisins, and many other things.

We had a movie on the 28th at 6:00. The name of the movie was "Sign of Zorro" it lasted for about two hours. There were three Zorros in the movie.

PHYSICAL EDUCATION

Room F has its physical education every Tuesday. Mr. Curtis and Mrs. Curtis show us how to do the things. Every boy and girl in our class have a lot of fun practicing them.

The boys and girls had squat thrust, sit ups, 50 yd. dash, the boys had chin ups and girls pull ups. We had only one hour to practice them.

Freddy Tukrook

Every Tuesday Room F has a P.E. Class at the gym from 1:00 to 2:00. Last Tuesday we had an exercise chart for the class. The chart tells the scores for poor, excellent, and good.

The exercises were push ups, 50 yd. dash, sit ups, and squat thrust.

Mr. and Mrs. Curtis were our gym teachers.

Lilly Neekok

GUIDANCE CLASS

Every once a week we students of Room F go to guidance class. Mr. Royll is our guidance teacher, he teaches us to have good teenage manners. We also have arts and crafts in the guidance room. We have our guidance from two o' clock to three.

Harry David Jr.

Harold Maxim

Our guidance teacher is Mrs. White. In our class we talk about our character and how we judge others. Our character is how we act, think, and feel toward others. Every Thursday afternoon at 2:00 to 3:05 we have guidance. It is fun having guidance class. At guidance we can learn many things we didn't know about ourselves and other people.

In guidance we talked about our character. Character is the way we act, think, and feel. But we are now talking about how we grow up. There are three ways we grow up. We grow up emotionally, physically, and socially.

Florence Kenezureff

LIBRARY CLASS

Since these past months, Room F has been going to the library on Fridays after recess in the morning. We have to sit in chairs first when we are in the library. Mr. Lemley, our teacher, tells our class what to do. We have learned about title cards, author cards, and other subjects. We have tests to see how much we have learned about what we were taught.

There are two librarians who are two of the students from our class. They pass out the cards for the books the students checked out the week before. After the cards are passed out, they are put in the right books and the books are put back on the shelves. The students check out new books. The librarians stamp the date due.

I hope you like to go to the library,
I do.

PRESIDENT KENNEDY'S DEATH

Last month, Nov. 22, our late President Kennedy was shot to death when he was going to make a speech at Dallas, Texas. Lee Harvey Oswald was believed to have killed him.

The news was a great shock to the Wrangell Institute and probably to most parts of the United States, by its nation's loss.

On Monday, Nov. 25, we didn't have school in respect to our late President Kennedy. Our flags were lowered in mourning over him.

THANKSGIVING DINNER

On Thursday the 28th of November at 12:00 we went to the dining hall and had a big Thanksgiving dinner. We had some turkey dressing, turkey, mashed potatoes with gravy, peas, biscuits with butter, cranberry sauce, olives, celery curls, fresh grapes and a piece of pie. We also drank some milk. Some of the dining hall girls ate twice. I guess they were really full. It was a good dinner. I think everybody enjoyed it.

BASKETBALL GAMES

On November 29, fifty boys and girls from the Institute went to town to watch Wrangell Institute B squad play the Wrangell Town Team. The Institute team lost the first game. The boys and girls also stayed and watched the Kake Team and one of the Wrangell Teams play too.

The 30th of November there was another basketball game. The A squad of Wrangell Institute played against one of the Town Teams. Wrangell Eagles were ahead most of the time. Wrangell Eagles won the game by two points-the score was 51 to 53.

That was the first game Wrangell Eagles have won. We hope that the Eagles will keep the good games up and win all the games that they play this year.

Freshman NewsBASKETBALL GAMES contd.

I think our team lost because they were nervous and because for most of the boys it was the first game they played with a big crowd watching. The score was 23 to 16.

On Saturday, Nov. 30, the A squad played their first game in town. Our A squad wasn't as nervous as the B squad and they won. The score was 41 to 43 with our team winning by two points.
.....Charlie Lee

On Friday Nov. 29, there was a basketball game in the high-school gym in the town of Wrangell. The B squad from the Wrangell Institute took part to play against the Wrangell team. The Wrangell team won by so many points.

On Saturday the 30th of November there was another basketball game. The A squad from the Institute played against the team in town. This time the "Eagles" from the Institute won.

Later that same night, Nov. 30th Wrangell Wolves from town played against the Kake team. Wrangell Wolves won the game played.

It was also fun to see the cheerleaders for each of the teams do their parts to cheer. Hurray for Wrangell Eagles.

.....Katherine Korpusik

CHEERLEADERS

Here in Wrangell Institute there are seven cheerleaders, three for the B squad and four for the A squad.

The three cheerleaders for the B squad are: Vera Baldwin from Kivalina, Lily Neakok from Point Lay and Rosie Prince from Sheldon Point.

The four cheerleaders for the A squad are; Evelyn Tuzroyluk from Point Hope, Barbara Swanson from Kotzebue, Rosaline James from Angoon, and Myra Vlasoff from Tatitlek.

CHEERLEADERS Contd.

We wish them all very good luck --- both the cheerleaders and the basketball players.

CRAFTS CLUB

Mr. & Mrs. Ted Curtis are planning to set up a crafts club. They will meet on Tuesdays only, but Mr. Curtis said that he will plan so that we can work on our projects more often.

In the club we are making Christmas cards on silk screen. Some boys have already made cards.

Mr. Curtis said that we are going to work on silk screen first. Then next we will work on leather.

I think this crafts club will be fine.

CHANGING SECTIONS

On November 28 we all changed sections in the dorm. We got to choose our own roommates and section. We got up in the morning and dressed and then we went to breakfast. After breakfast we started moving our things to our new section. It took us a long time to straighten up the rooms. Then at the Thanksgiving dinner we really ate lots. We also had volleyball from 1:30 p.m. until 3:30 p.m. After supper we had a movie. We had a very nice Thanksgiving Day.

.....Doris Oksoktaruk

In the Girls' Dorm we got to change sections. Before we did this we chose the ones we wanted to stay with. Mrs. Stokes spoke to all girls that were to stay in a section. She told us we had to work together in order to stay with our section mates in our section. Most girls chose their friends to stay with.

Freshman NewsCHRISTMAS

Christmas is just around the corner and we'll start daydreaming and talking about the people in our hometown celebrating it; such as the students taking part in the play, both at the church and at the public school, and the activities that are going on. This includes dog races and foot races during the Christmas week.

We are all hoping to have a nice Christmas here, but we'll miss all the activities that are taking place back home.

Christmas is just around the corner. There is no snow here for Christmas. The hills though will have snow for Christmas. I hope it snows before Christmas comes.Violet Charles
MERRY CHRISTMAS TO EVERYONE!!

DECEMBER PACKAGES

All the packages coming to the school will be checked. If they are wrapped in paper, or Christmas wrappings, they will be taken away until Christmas. The others we can take. The orders we will be able to take. So if you get any packages with wrapping on them, don't expect them until Christmas.

THE SNOW

In the past the snow had been deep, and I thought very well that it would stay until Christmas. But now it has all melted from the rain we had. We are all hoping that it will snow before Christmas so we can have a nice white Christmas. MERRY CHRISTMAS EVERYONE.

.....Betty Kavairlook

In the morning of Nov. 25, one of the girls woke me up at about 6:30. She told me it was snowing out. I got out of bed and looked out the window. Sure enough the ground was covered with snow.

It was good to see snow again after quite awhile. It reminded me of back home as I'm sure it did to the other students too.

Most of the students enjoyed playing in the snow, making big snowballs and throwing snowballs at each other for fun.

Right now it is raining out and the snow has melted a week ago, except for on the mountain peaks. We are looking forward again for more snow to fall before Christmas Day.

The A Squad of Wrangell Institute played their first game on the 30th of November. It was a real good game. The Eagles won by 2 points with the score 43-41.

Scoring for the Eagles were Albert Kookesh, Angoon, 15 points; Mark Jack, Angoon, 12 points; Jeff Klanott, Klukwan, 11 points; Alvin Williams, Angoon, 2 points; Robert Omnik, Point Hope, 2 points; Norman Mende-lock, Teller, 1 point.

For the names of other members of the A Squad see the cover page.

The B Squad known as the Eagletts played and lost their first game on Friday the 29th of Nov. This was the first time a lot of the boys ever played basketball in front of a strange crowd. Scoring for the Eagletts were Arnold Garner, Afognak, 6 points; Charlie Titus, Minto, 5 points; Dale Riley, Minto, 4 points; William Anderson, Ouzinkie, 1 point.

The Wrangell High School basketball team beat Kake High School in the two games played between them on Nov. 29, 30. The Kake High School team proved a lot of spirit. Kake had two disadvantages against them, one was that they couldn't make their baskets. Another was that they had no height.

Both games were very good and enjoyed by the people that saw them. Almost all of the people took a liking to Kake and started to push for them, but Kake lost to Wrangell. That was the third victory for Wrangell High School.

CHRISTMAS AT KWETHLUK

We have two Christmases at Kwethluk. One is when the Moravians observe it on the night of December 24. We go to their church and have a service. They pass out sacks full of candies, nuts, cookies, and many other kinds of good things to eat. On that night we go caroling at the houses. This lasts until about 1 o'clock in the morning.

On our second Christmas, which is on January 7 through 9, the Russian Orthodox people have "Slavie." During Slavie we go to church at 5 o'clock and when the service is over we go from house to house singing songs of Christmas. After we sing the people who live in the homes invite us to stay and eat some delicious foods. This lasts all night and by four or five o'clock in the morning all homes have been visited. This goes on for three nights.

On the Saturday after Slavie we have a carnival. Many races are held such as, men's dog-team races, women's dog-team races, foot races, and others.

The students from Kwethluk are really going to miss spending Christmas at home this year and to meet the many people who come to our village to celebrate it with us. However, I am sure we will have a nice Christmas here at Wrangell.

EXCITING GAMES

Last Friday our "B" squad played its first basket-ball game. Although they played a hard game they lost by seven points. They could have won the game if they had not become scared out on the gym floor. Most of the boys on the "B" squad have not played in a game before. This was there first game, but they played real well.

Last Saturday th "A" squad played their first game of the year downtown in the school gym. We were ahead all through the game until the last quarter. We tried to stall the ball but goofed! It was lucky that our captain, Albert Kookesh, made the last basket to break up the tie just before the final buzzer. It was a very exciting game!

The opposing team had the heighth, but we had speed, teamwork, and the points!

OFFICE NOTES

Student's school pictures have arrived and may be purchased in the Guidance office. All of the pictures seem to be very good for everyone.

Orders are now being taken in the Guidance Office for the school yearbook. We must have 100 orders before the yearbook can be ordered from the printers.. It would be appreciated if those who want to order yearbooks would do so as soon as possible.

Attendance at the basketball games has been good. The students are behaving quite well. They should keep in mind the regulations for attending ball games. If we all adhere to these regulations we will have more fun in the long run and the people of Wrangell will enjoy inviting our student body. The way that the Wrangell Institute student behaves is a reflection on the Institute and every student there.

"Mother is sick and father can't know
How children talk of their gifts and joy,
Or he'd surely try, he loves me so,
To get me just one single toy."

"But Christmas isn't for what you get,"
She heard a small, sweet, tender voice,
"It's for what you give," said wee Janet,
And the words made Hilda's heart rejoice.

A Plan came to Hilda's head;
It seemed to her she could hardly wait.
"I can't give nice things," she bravely said,
"But I'll do what I can to celebrate."

MY AMBITION

Roslyn Jones

My one and only ambition is to become a nurse.

Ann Gunderson

I would like to finish high school then become a nurse. I would also like to travel all over the world.

Myra Vlasoff

My ambition is to become an airline stewardess or a nurse and I want to travel all over the world.

Frances Duncan

I want to be a medical clerk or a secretary.

Nellie Gallahorn

My ambition is to be a matron in Girls' Dorm, Wrangell Institute.

Kathey Korpusik

The one and only ambition I have is to become a carpenter.

Robert Adams

One goal in my life is to become a private secretary. First I will go to collage, (After and if I finish high school and take up short hand, typing, and running various machines). Then I intend to get a job in an office. I really don't expect to accomplish all this but I can try. Also some time during my life I would like to visit Canada.

Roslyn Jones

I would like to be a Bush Pilot in Alaska, and maybe someday own a little flying service.

Henrietta Johnson

I would like to be a Sunday school teacher or a volunteer nurse.

VISITORS OF THE MONTH OF NOVEMBER

Mr. Nash the commissioner of Indian Affairs was here in November. Here is a list of the rest of the people that were here during October.

Mr. Robert Bennet, Area Director
Dr. Brenda Brush from Washington D.C.

Mr. Charles Burr, Social Worker
Mr. Robert Dean, Superintendent of Mt. Edgecumbe.

Two students from Mt. Edgecumbe were also here. Marie Snigaroff and Dennis George. They are both juniors attending school in Edgecumbe.

Dr. Wagonon, Medical Officer in charge of Mt. Edgecumbe.

Mrs. Curtises mother and brother are here visiting.

Dr. Buckanan, ophthalmologist.

Along with this list of visitors were all the people who came for the A.N.S. Convention. We'd like to thank them all very much for coming.

SCHOOL ANNUAL

This year Wrangell Institute is going to have a school annual if over 100 students will buy one. There will be twelve pages of pictures and the book will cost \$2.00 each.

Pictures will be sold to the students if they'd like to buy them. They will be in color and there are 41 pictures in a pack. The pictures will be of three different sizes.

We certainly hope everyone will enjoy the year-books.

STUDENT RETURNS

Karen Selanoff, who has been in Edgecumbe since last month, just got back. She went there in order to have a minor operation on her wrist. We are taking this opportunity to welcome her back.

CHRISTMAS IS ON IT'S WAY

Many students have been receiving Christmas presents from home already. Whenever a present arrives the person in charge of the mail takes them and puts them away for us until Christmas.

All of the snow we had last month is gone now. Everyone is hoping that it will snow before Christmas so Santa Clause can return for his yearly visit without too much trouble.

BUNDLES

A bundle is a funny thing,
It always sets me wondering;
For whether it is thin or wide
You never know just what's inside.

Especially on Christmas week,
Temptation is so great to peek!
Now wouldn't it be much more fun
If shoppers carried things undone?
